celebrate hope

Do you have a birthday, graduation, anniversary, or other special occasion coming up? In lieu of gifts, ask friends and family to make a donation to your personal fundraising page.

- Register for the NBTS event of your choice and personalize your fundraising page via your Participant Center. Need help? Email us at events@braintumor.org

- Share your personal fundraising page on social media and via email to your friends and family. Share why a donation to NBTS would mean so much to you personally this year.

- Thank your donors during your virtual celebration and follow up with handwritten thank you notes that you drop in the mail
