

HOST A VIRTUAL PRODUCT PARTY

Bring your entrepreneurial friends together to promote their small businesses with a portion of the sales going toward NBTS. Host a home product party virtually through a Facebook event! Ask the sales representatives to donate 25%-50% of sales to your fundraising campaign.

- Identify your friends who work for businesses such as Rodan & Fields, Norwex, Scout & Cellar, Pampered Chef, etc.
- Determine the schedule of product sales prior to inviting friends.
- Create your Facebook event and invite your friends
- Make your product representatives administrators of the event so they can post information about their products prior to the event.
- Hold your event and enjoy virtually shopping for a great cause!
- Donations should be mailed to our home office or can be made online via your team fundraising page. Contact your event director for information on mailing in donations.
